SUMMARY

Backend-focused MCA student with hands-on experience in Node.js and PostgreSQL. Built full-stack platforms with OTP-based authentication, REST APIs, and scalable database design.

EXPERIENCE

Software Developer Intern

Humming Byte Technologies Pvt. Ltd **July 2025 - December 2025, Nashik, Maharashtra**

- Contributed to backend development of a QR-based digital menu and ordering system using Node.js and PostgreSQL.
- Designed and managed database schemas and optimized queries for menu and order data.
- Built and tested REST APIs for order processing and admin features.
- Performed debugging, server-side validation, and improved API response handling.

PROJECT

ServHunt - QR-Based Digital Menu & Ordering System

- Worked on backend development using Node.js and PostgreSQL for a digital menu card system.
- Designed and managed database schemas, queries, and data flow.
- Implemented server-side logic and RESTful APIs.

UrbanPune.in - Local Business & City Discovery Platform

www.urbanpune.in/

- Designed and built the complete full-stack platform from scratch.
- Architected backend using Node.js and PostgreSQL for scalable content management.
- Implemented OTP-based authentication and role-based access control.
- Developed REST APIs enabling users to post properties, blogs, and news dynamically.
- Designed relational database schemas for users and listings.
- Added search, filtering, pagination, and backend validation for efficient data handling.
- Managed deployment, performance optimization, and production debugging independently..

EDUCATION

MCA (Master of Computer Application)

MES Institute of Management & Career Courses (IMCC) • Pune, Maharashtra • Present

BCA (Computer Science)

Modern College • Pune, Maharashtra • 2022-2025 • 9.30/10

HSC (Class XII)

Maharashtra Board • Dongav, Maharashtra • 2020-2021 • 89.67%

SSC (Class X)

Maharashtra Board • Mehkar, Maharashtra • 2019-2020 • 72.00%

AWARDS & HONORS

Top 3 Ranking Modern Colleges

- Ranked Top 3 in Computer Science Department at Modern College (Annual Academic Performance).

SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript

Backend: Node.js (Express), REST API Development, PHP

Databases: PostgreSQL, MongoDB

Programming Languages: C, Java, Python

Core Concepts: Data Structures & Algorithms, OOP, Database Design

Tools: VS Code, Cursor (AI Code Editor), Git, GitHub, Postman, Linux
